In re:
FTX TRADING LTD., et al.,
Debtors.

Chapter 11
Case No. 22-11068 (JTD)

MOTION TO ALLOW LATE-FILED PROOF OF CLAIM

I, Moises Montano Ruiz, respectfully submit this motion to allow the late filing of my proof of claim in the above-captioned matter.

1. I held digital assets (cryptocurrency) on the FTX platform prior to its collapse and bankruptcy filing.

2. My FTX account was registered under a school-issued email address, which was deactivated upon my graduation from that institution.

3. Because my email address had been shut down, I did not receive notice of the FTX bankruptcy, including the bar date, or any communications from the FTX Recovery Trust or Kroll regarding claim procedures.

4. I filed a proof of claim on July 21, 2025, shortly after learning about the claims process. Unfortunately, the court had entered an order on July 17, 2025 disallowing late claims.

5. I respectfully ask the Court to consider my circumstances and allow my claim due to lack of proper notice, which was outside of my control.

6. I did not willfully delay or ignore the process, and I filed as soon as I learned I had the opportunity to recover my assets. Allowing my claim would serve the interest of fairness and justice.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Dated: July 26th, 2025.

Dear Alumni Association member,

We regret that CSUMB can no longer offer alumni email accounts. This change is necessary because of increases in cyberattacks against institutions of higher education.

To assist you with this transition, members of the Alumni Association have until May 31 to:

1. Transfer all documents and emails to a personal email account or file storage service
2. Update your preferred email address with the CSUMB Alumni Association

The [Checklist for Students Graduating or Leaving CSUMB](#) contains directions on how to export and download your data from Gmail.

Active employees and enrolled students are not affected by this change and will continue to access all Google Workspace tools and storage and other web services offered by CSUMB.

Still want to show Otter pride with an email address?

Going forward, current and past alumni have the option to use a free email forwarding address that ends with @alumni.csumb.edu. Complete the [Information Update Form](#), and you will receive confirmation in seven to ten business days that your new CSUMB alumni email address is ready to use.

Thank you,
